Dear Mr. Dunaway:

We have completed our review of the above-referenced document, dated April 2005, which we received on April 20, 2005. The work plan discusses the proposed collection of additional soil samples at buildings 29A and 174 to further define areas of trichloroethylene contaminated soil At site IRP-3

We concur with the proposed work plan.

If you should have any questions, please call me at (951) 782-4498 or send e-mail to phannon@rb8.swrcb.ca.gov.

Sincerely,
